

Save-the-Date: February 1-2, 2012

Sponsored by the Center for Advanced Energy Studies and the Idaho Technology Council

You are invited to attend the second annual

Idaho Research Symposium: Energy Connect

Day 1: Features “Energy Connect.” This series of 4 minute presentations on emerging opportunities in Idaho’s energy sector is followed by a welcome reception.

Day 2: Includes a full day of research and commercialization success stories, lunch, and presentations on Idaho facilities and capabilities available to energy entrepreneurs. Concludes with facility tours of the Boise State Center for Materials Characterization and the University of Idaho (UI) Integrated Design Lab and virtual tours of the UI Center for Electron Microscopy and Microanalysis and the CAES Microscopy and Characterization Suite.
